### Articulation Flashcards: Medial "B" Sound - Bisyllabic, Polysyllabic

- Print the flashcards on sturdy paper or cardstock.
- Laminate the cards for durability.
- Cut along the provided lines to create individual flashcards.
- Start using them!

Whether you're a speech-language therapist, a parent, or someone eager to support language development, these versatile flashcards are designed to enhance articulation skills. Featuring the "B" sound at the beginning, middle, and end of words, they are an invaluable resource for articulatory therapy in SLP. These flashcards provide a fun and engaging way to practice pronunciation and sound recognition. Perfect for structured therapy sessions or at-home practice, they offer a flexible tool to strengthen speech and language skills in a variety of settings.
